RE: Renewal of License No.
34-18893-01

Gentlemen:

Please renew the above referenced license for the upcoming term. I have reviewed the license and the two (2) amendments issued on December 15, 1983 and April 18, 1984. The contents of these documents are current with the following exceptions:

Item 12

The individuals within our company who have been approved for training by the NRC should be changed to Mr. Dennis Hall of our Columbia, Maryland office; and Mr. Scott Greer of our Griffith, Indiana office.

Item 13

Replace Figure 1 of the "Permanent Storage Location for Nuclear Gauges" with the enclosed sketch to reflect renovations recently performed in our warehouse.

Please review the enclosed material and call Robert Stickney at the letterhead phone number in Cincinnati should you have any questions. A check in the amount of \$120.00 is enclosed to cover the renewal fee.

Respectfully submitted,

ATEC ASSOCIATES, INC.
