Amendment Number 36

Continued from Page 1

18. Except as specifically provided otherwise by this license, the licensee shall possess and use licensed material described in Items 6, 7, and 8 of this license in accordance with statements, representations, and procedures contained in application dated September 10, 1979; letters dated October 9, 1979, October 10, 1979, November 25, 1980 (with attached ALARA Program), August 5, 1982, November 22, 1982 and March 25, 1983. The Nuclear Regulatory Commission's regulations shall govern the licensee's statements in applications or letters, unless the statements are more restrictive than the regulations.

Conditions 20., 21., and 22. are added:

20. The Radiation Protection Officer for the activities authorized by this license is Howard M. Johnson, M.D.
21. The licensee may transport licensed material or deliver licensed material to a carrier for transport in accordance with the provisions of Title 10, Code of Federal Regulations, Part 71, "Packaging of Radioactive Material for Transport and Transportation of Radioactive Material Under Certain Conditions."
22. License conditions, statements and representations for the use and possession of licensed materials made in License Number 48-00988-04, shall be applicable to both the Deaconess Hospital Campus and the Lutheran Hospital Campus.
