

Dr. Kamal Araj
Physics Department
Harvard University
Cambridge, MA 02138

Dear Dr. Araj:

Enclosed are the following documents:

"A Handbook of Acronyms and Initialisms,"
NUREG-0544

"Glossary of Terms,"
NUREG-0770

To my knowledge a concise description of reactor systems has not been written. The glossary is too elementary to be useful. I will inquire further about other documents that may substitute for a glossary.
