Dear Professor Wilson:

In response to your letter dated 3 May 1984 you asked 10 questions about aerosols and reactor containments.

Both the Battelle Columbus Laboratory (BCL) and the Sandia National Laboratory (SNL) answered your questions in letters to NRC. The ASTPO staff combined the letters, first Battelle's answer, then Sandia's answer. References were added.

If you have further questions, contact Dr. Richard Denning at BCL (614) 424-7510 or Dr. Dana Powers at SNL (505) 844-4392.

If I can assist, contact me at (301) 427-4337.

Sincerely,

Christopher P. Ryder
