SUMMARY

*No Nummert stated that she called the ~~companies~~ <sup>companies</sup>, whose names I had given her in our last conversation, and got estimates for the disposal of the gauge. She stated that her boss feels that it would be too much money out of their pocket so they will try to sell the gauge first. I informed her that will either have to obtain a license from the NRC or the state of Maryland. She said that they will only be ~~keeping~~ <sup>keeping</sup> the gauge until they can sell it so they will apply to the state of Maryland for a license.*
