License No. 13-12416-01  
Docket No. 030-04405

Dear Colonel Benick:

This refers to the close-out safety inspection conducted by Mr. D. R. Gibbons of the Region III office on January 12, 1993, of activities authorized by NRC Byproduct Material License No. 13-12416-01 and to the discussion of our findings with Mr. Richard Herring and Mr. Bruce Cantwell of your staff at the conclusion of the inspection.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas; the inspection consisted of observations by the inspector, interviews with personnel, selective examination of representative records and independent measurements.

A copy of the enclosed report will be forwarded to the NRC License Reviewer responsible for terminating your license. You will be notified by separate correspondence regarding your request for license termination.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosure will be placed in the Public Document Room.

No reply to this letter is required. Your cooperation with us is appreciated.

Sincerely,

B. J. Holt, Chief  
Nuclear Materials Inspection
