SUBJECT: REVISION 34 TO THE WOLF CREEK GENERATING STATION
EMERGENCY PLAN

We have received your letter dated February 3, 1993, which transmitted Revision 34 to the Wolf Creek Generating Station Radiological Emergency Response Plan. The plan revision was submitted pursuant to 10 CFR 50.54(q) and clarified changes made to certain Emergency Action Levels contained in a prior submittal dated October 29, 1992. The clarifications were, in part, in response to our letter dated November 25, 1992.

We have reviewed the changes to the plan and determined that they are acceptable and do not degrade the effectiveness of your emergency planning for Wolf Creek Generating Station.

Should you have any questions concerning this letter, please contact Dr. D. Blair Spitzberg at (817) 860-8191.

Sincerely,

for L. J. Callan, Director
Division of Radiation Safety
and Safeguards
