Dear Mr Sherr:

REFERENCE: FNMC Plan, SNM-1168, Docket 70-1021

On December 1, 1992 B&W Fuel Company (BWFC) submitted revisions to their FNMC Plan concerning the sampling of downloaded fuel pellets. Chapter 3 of the Plan was provided to replace the previous Chapter 3 in it's entirety. It was overlooked that the square root in the SEID calculation on page 3-7 was left off. Please replace page 3-7 with the one provided. Since there were no changes in the content on page 3-7, the date and revision remains unchanged. If you should have any questions regarding this submittal, please feel free to call me (804) 522-6202.

Sincerely,

B&W FUEL COMPANY  
Commercial Nuclear Fuel Plant
