Dear Mr. Johnson:

This refers to export license XMAT0359, issued to Penngraph, Incorporated on March 27, 1992, which authorized the export of 35,000 kilograms of bulk nuclear grade graphite to Sweden over a five-year period.

In a recent telephone conversation between you and Betty Wright on my staff, you indicated that Penngraph no longer needed the specific license since you have determined that the products Penngraph ships to Sweden can be exported under the general license authority in 10 CFR §110.25. As a result, the NRC is terminating export license XMAT0350.

If you have any questions regarding this case, please call me, or Betty Wright on my staff, at (301)415-2344.

Sincerely,
