Dr. Simon Goren
201 F. Gilman
Department of Chemical Engineering
University of California
Berkeley, CA 95720

Dear Dr. Goren:

At the request of Kamal Araj, I have enclosed the following reports from the CSNI Specialists Meeting on Nuclear Aerosols in Reactor Safety, held September 4-6, 1984.

1. "LWR Aerosol Containment Experts (LACE) Program and Initial Tests Results," HEDL-SA-3055, L. D. Muhlestein et al., Westinghouse Hanford Company, Richland, Washington 99352.
2. "The ABCOVE Program Preliminary Results of Tests AB5 and AB6," HEDL-SA-3115 FP, R. K. Hilliard et al., Westinghouse Hanford Company, Richland, Washington 99352.
3. "Aerosol Behavior in a Steam-Air Environment, R. E. Adams, Oak Ridge National Laboratory, Oak Ridge, TN 37821.
4. "Physical and Chemical Factors Influencing Fission Product Retention in Reactor Primary Systems," J. A. Gieseke, Battelle Columbus Laboratory, 505 King Avenue, Columbus, OH 43201.

The paper I did not obtain is by I. H. Dunbar, entitled "Aerosol Behavior Codes: Development, Intercomparison and Application."

Sincerely,

Christopher Ryder

Dear Dr. Araj:

You requested papers that were presented at the CSNI Specialists Meeting on Nuclear Aerosols in Reactor Safety held September 4-6, 1984. Five papers were of special interest to you. I have obtained those papers as indicated below. All of the papers will be published and are expected in December 1984.

1. "LWR Aerosol Containment Experts (LACE) Program and Initial Tests Results," HEDL-SA-3055, L. D. Muhlestein et al., Westinghouse Hanford Company, Richland, Washington 99352.
2. "The ABCOVE Program Preliminary Results of Tests AB5 and AB6." HEDL-SA-3115 FP, R. K. Hilliard et al., Westinghouse Hanford Company, Richland, Washington 99352.
3. "Aerosol Behavior in a Steam-Air Environment, P. E. Adams, Oak Ridge National Laboratory, Oak Ridge, TN 37821.
4. "Physical and Chemical Factors Influencing Fission Product Retention in Reactor Primary Systems," J. A. Gieseke, Battelle Columbus Laboratory, 505 King Avenue, Columbus, OH 43201.

The paper I did not obtain is by I. H. Dunbar, entitled "Aerosol Behavior Codes: Development, Intercomparison and Application."

I have sent the four papers to Simon Goren.

Sincerely,

Christopher Ryder
