SUBJECT: TRAINING FOR REGION IV INSPECTORS

Gentlemen:

This refers to your April 11, 1985, letter requesting our comments on your proposed abbreviated training program for Region IV inspectors. We reviewed your course outline and our comments are provided in Attachment 1 concerning: (1) areas that should be included in the abbreviated training, and (2) areas that could be deleted based on the NRC training program for Region IV personnel. We have also included our estimates of the amount of time that could be devoted to a particular area.

If you have any questions, please contact Mr. Blaine Murray (817) 860-8126.
