

October 9, 1996

MEMORANDUM TO: Richard W. Cooper, Director
Division of Reactor Projects
Region I

FROM: Phillip F. McKee, Director (Original Signed By)
Northeast Utilities Project Directorate
Division of Reactor Projects - I/II

SUBJECT: TASK INTERFACE AGREEMENT (TIA) - TECHNICAL ASSISTANCE
REQUEST, REVIEW OF CRACKED WELD OPERABILITY CALCULATIONS
(TAC NO. M96313)

By memorandum dated August 2, 1996, you requested assistance in reviewing several weld operability calculations performed by the engineering staff of Northeast Utilities for Millstone Unit 1. Attached is the Materials and Chemical Engineering Branch's evaluation of the subject request. If there are any questions, please contact James Andersen, the Millstone Unit 1 Project Manager at (301) 415-1437.
