License No. 29-15364-01  
Inspection No. 75-01

Gentlemen:

This refers to the inspection conducted by Mr. Allen of this office on January 21, 1975 of activities authorized by AEC License No. 29-15364-01 and to the discussions of our findings held by Mr. Allen with yourself and Mr. Masfield at the conclusion of the inspection.

The area examined during this inspection was limited to the operation of the irradiator as described by your application dated August 8, 1974 and your letters dated November 15, 1974 and December 6, 1974. Within this area, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, measurements made by the inspector, and observations by the inspector.

Within the scope of this inspection, no violations or safety items were observed.

In accordance with Section 2.790 of the AEC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractor) believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must include a full statement of the reasons on the basis of which it is claimed that the information is proprietary, and should be prepared so that proprietary information identified in the application is contained in a separate part of the document. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.
