

APPENDIX A
NOTICE OF VIOLATION

Isomedix, Inc.
Parsippany, New Jersey
License No. 29-15364-01

Based on the results of an NRC inspection conducted on April 27 and 28, 1977, it appears that certain of your activities were not conducted in full compliance with NRC regulations as indicated below:

- A. 10 CFR 20.203(b) requires that you conspicuously post each radiation area with a sign or signs bearing the radiation caution symbol and the words: "Caution Radiation Area."

Contrary to this requirement, on the day of the inspection, April 27, 1977, you failed to post two radiation areas, located near your waste storage area, as required.

This is an infraction.

- B. 10 CFR 20.401(a) requires that you maintain records showing the radiation exposures of all individuals for whom personnel monitoring is required under 10 CFR 20.202.

Contrary to this requirement, as of April 28, 1977, you failed to maintain the required records. We note that you did maintain records that were intended to meet this requirement but these records were inadequate in that they did not contain all of the information required by Form NRC-5.

This item is a deficiency.
