(Information)

February 16, 1984

SECY-84-81

For: The Commissioners

From: William J. Dircks
Executive Director for Operations

Subject: RESULTS OF OPERATOR LICENSING EXAMINATIONS FOR
FOURTH QUARTER FY 1983 AND FIRST QUARTER FY 1984 AND
REQUALIFICATION EXAMINATIONS FOR FIRST QUARTER FY 1984

Purpose: To inform the Commissioners of examination and licensing
activities for Reactor Operators and Senior Reactor Operators,
including requalification examination results.

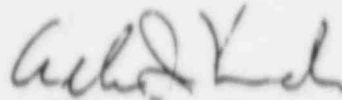

Discussion: The enclosed tables report licensing action results, including
issuances, denials or withdrawals and pass/fail rate for each
NRC licensing examination component. The results are presented
as a combined total and broken down by region. As indicated
in our report dated November 17, 1983, (SECY 83-72C), these
results are for the fourth quarter FY 1983 and first quarter
FY 1984. Future reports will include only the current quarter.
Although we continue to see wide variations in the percentages
in the individual categories of the Regions, the variations
continue to reflect the impact on small sample sizes when one
test administration results in a large failure rate. We are
continuing to track trends in examination results by Region
and have not identified statistically significant trends that
are not explained.

Also included are tables showing the results of the
requalification examinations given for the first quarter
FY 1984. Although some deficiencies were identified in areas
of some programs, all completed requalification examinations
were evaluated as satisfactory with the exception of
Browns Ferry (RII) and Prairie Island (RIII). Regions II and
III are completing follow-up audits and actions prior to final
program evaluations. The final audit reports will be summarized
in our next quarterly report.

The results for the fourth quarter FY 1983 were submitted in SECY 83-72C. Enclosure 4 shows the results for all FY 1983. The total number of RO licenses issued during FY 1983 was 533 and the total number of SRO licenses issued during FY 1983 was 457. Denials were issued to 146 ROs and 110 SROs during this same period. This indicates a failure rate of 21.5% for RO candidates and 19.5% for SRO candidates.
