U.S.A.

August 13, 1996

Your Excellency :

It is a pleasure to have this opportunity to inform you that I have assumed the responsibilities of the Minister of Science and Technology, succeeding Dr. KunMo Chung, as of August 8, 1996, upon completion of my assignment as the Senior Presidential Secretary for Economic Affairs.

As the former Vice Minister of this Ministry for a year in 1995, I know that a cordial relationship has existed between our two countries, and it is my sincere desire that not only will our fine relationship continue, but it will further broaden and deepen in the future. Only with your cooperation will I find it possible to carry out my new duties and responsibilities successfully.

Please accept, Your Excellency, the assurances of my highest consideration.

Sincerely yours,

Bohn-Young Koo
Minister
