U. S. Nuclear Regulatory Commission, Region III
Materials Licensing Section
799 Roosevelt Road
Glen Ellyn, IL 60137

Dear Sirs:

I would like to renew our NRC license, No. SNM - 733, which is due to expire April 30, 1985.

I believe that our current license and supporting documents (in particular my letter of May 13, 1975 to Ms. Dragonette in Washington, D. C. and my more recent letter to your office in Glen Ellyn, dated June 12, 1979) accurately reflect our program and I wish to continue to operate in accordance with these documents and applicable NRC regulations and license conditions.

It is my understanding that our program is fee exempt.

Would you please contact me if there is anything else I should do to renew our license?

Thank you very much.

Sincerely,

Sister Mary Woods
