

January 28, 1985

FOIA-85-5

Mr. J. Felton, Director,  
Division of Rules and Records  
Office of Administration  
US Nuclear Regulatory Commission  
Washington, DC 20555

Dear Mr. Felton:

SUBJECT: FOIA REQUEST (FOIA-85-5)

This is to acknowledge the receipt of your letter of January 23, 1985.  
Your response is incomplete.

1. A complete list of all the pertinent documents is missing.
2. Pages 1 and 2 contain deleted lines and no explanation is given for this.
3. Pages 7-16 of the Attachment 2 are missing with no explanation.
4. Lines 5-7 from the bottom on P. 2 suggest that a technical evaluation of my proposal has been done by the NRC (it was found "below average in 'acceptability'."). The SUMMARY EVALUATION on P. 17 states that there was no technical discussion of my proposal on the SEP panel. Obviously, the technical evaluation or an in lieu document was prepared by the NRC Staff or by NRC consultants. This was confirmed by Mr. Edgeworth. Records of movement (memorandi) of my proposal within the NRC or outside the NRC are missing. The technical evaluation of my proposal or responses to Mr. Edgeworth memorandi in lieu of a technical evaluation, are missing.
- 5) Explanation of the Appeal procedure is missing.

To comply with the FOIA, please, provide the following information:

- 1) The list of all the pertinent documents.
- 2) Full pages 1 and 2 and 7-16
- 3) Copies of memorandi from and to Mr. Edgeworth, containing any information regarding the proposal.
- 4) Explanation of the Appeal procedure.

I shall expect to hear from you within ten (10) working days as provided by law.
