Dear Mr. Gwinn:

We need to have our license ammended to show Stuart Circle Hospital, Richmond, Virginia as one of the sites we will use our lixiscope and delete the use of the lixiscope at 104 West Franklin Street, Richmond, Virginia. Although we have taken every precaution to use our lixiscope safely, I failed to notice the requirement of keeping current the site of usage. I appreciate your assistance with this problem.

Sincerely,

Howard F. Duke
