Gentlemen:

This is to confirm arrangements made with your staff during a telephone conversation on June 18, 1985, for a technical meeting in the NRC Bethesda Offices on July 16, 1985.

The NRC staff and our consultants have reviewed your Control Room Design Review Summary Report, submitted by letter dated April 30, 1985, and wish to clarify some of the areas addressed in order to reach a better understanding of your methodology.

A Notice of Significant Meeting is enclosed.

Should you have any questions concerning these arrangements, we will be pleased to discuss them.

Sincerely
