Troy, Michigan 48084

License No. 21-14161-01G  
License No. 21-14161-02

Gentlemen:

This refers to the routine safety inspection conducted by Ms. E. Matson of this office on June 4, 1981, and an enforcement conference which was held on July 30, 1981, of activities authorized by NRC Byproduct Material Licenses No. 21-14161-01G and No. 21-14161-02. The report setting forth the results of the inspection and the enforcement conference is enclosed.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter, the enclosures, and your response to this letter will be placed in the NRC's Public Document Room. If the enclosures contain any information that you or your contractors believe to be exempt from disclosure under 10 CFR 9.5(a)(4), it is necessary that you (a) notify this office by telephone within seven (7) days from the date of this letter of your intention to file a request for withholding; and (b) submit within twenty-five (25) days from the date of this letter a written application to this office to withhold such information. Section 2.790(b)(1) requires that any such application must be accompanied by an affidavit executed by the owner of the information which identifies the document or part sought to be withheld, and which contains a full statement of the reasons which are the bases for the claim that the information should be withheld from public disclosure. This section further requires the statement to address with specificity the considerations listed in 10 CFR 2.790(b)(4). The information sought to be withheld shall be incorporated as far as possible into a separate part of the affidavit. If we do not hear from you in this regard within the specified periods noted above, a copy of this letter, the enclosures, and your response to this letter will be placed in the Public Document Room.

A separate letter setting forth certain matters of concern and the items of noncompliance found during this inspection has been sent from the Office of Inspection and Enforcement. Your response to those items should be made directly to that office.
