FREEDOM OF INFORMATION
ACT REQUEST

FOIA-85-347
rec'd 5/14/85

RE: Freedom of Information Request.

Dear Sir:

Pursuant to the Freedom of Information Act, 5 U.S.C. section 552, I am requesting access to and copies of the records, documents or related material containing the following information:

1. List of all operational nuclear power plants with a description of the type of reactor and their location.
2. List of all nuclear material waste desposal sites.
3. Construction description of vessels made to transport nuclear material.

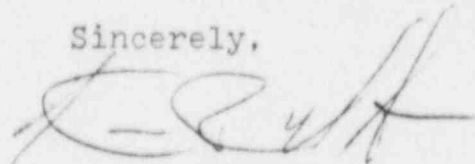

I am requesting this material pursuant to writing an article for a magazine on the nuclear power used in this nation.

Under 5 U.S.C. section 552(a)(4)(A) which provides that you can waive the fees for the research and fulfilling of a FOIA request if the material in question is going to benefit the general public. I believe that this request fits that description and therefore request that you waive any fees in connection with this FOIA request.

If you deny all or any part of this request, please cite the specific exemption you feel justifies your refusal to release the information and notify me of appeal procedures available under law.

Please reply to this request within ten (10) business days as stipulated in the law. Thank you for your time and help.

Sincerely,

Kevin R. Norton
