Mr. James G. Keppler, Regional Administrator
U.S. Nuclear Regulatory Commission
Region III
799 Roosevelt Road
Glen Ellyn, IL 60137

REFERENCE: EA-100: ORDER MODIFYING LICENSES OF NUCLEAR
PHARMACY, INC. (NPI); ORDER DATED OCTOBER 26, 1984

Dear Mr. Keppler:

In accordance with the directives as promulgated in Section V.A. of the above referenced Order, Hydro Nuclear Services is hereby submitting the FINAL copy of our report documenting the findings of our Comprehensive Radiation Protection Program Evaluation of Nuclear Pharmacy, Inc. It should be noted that no changes were made by NPI relative to our DRAFT submission of this Report on February 14, 1985

Two (2) copies of the Report are enclosed with the following differences:

- o One (1) Copy is hardbound for your permanent records. Completed MORT charts within this document are color-coded for additional clarity.
- o One (1) Copy is unbound and provided for duplication as your internal needs may require. Completed MORT charts within this document have been provided with a black and white, dot matrix legend in lieu of color-coding for duplication purposes.

Should there be any questions relative to the nature and content of this report or its submission, please feel free to contact me or Dr. Gallina of my staff at anytime by calling (215) 337-0750.

Sincerely

Donald R. Neely

Donald R. Neely, Vice President
Hydro Nuclear Services
