IN RESPONSE REFER
TO FOIA-85-388

Dear Mr. Sholly:

This is in response to your letter dated May 23, 1985, in which you requested, pursuant to the Freedom of Information Act (FOIA), copies of the Probabilistic Risk Assessment (PRA) for the Susquehanna Steam Electric Station (SSES) and all records pertaining to any review or comment on the SSES PRA.

The SSES PRA has not yet been received by the NRC. This office has been informed that the document may be submitted to NRC sometime in July, 1985. A subcontractor to the Battelle Northwest Laboratory has cited SSES data in his review of the Limerick PRA. This citation appears in NUREG/CR-3493 and is available in the NRC Public Document Room.

Since the PRA has not been received, no comment or review schedule has been contemplated.

Sincerely,

A handwritten signature in dark ink, appearing to read "J. M. Felton", with a long, sweeping horizontal stroke extending to the right.

J. M. Felton, Director
Division of Rules and Records
Office of Administration
