Dear Mr. Skov:

With regard to your inspection of our facility on April 17, 1985,
we can advise you as follows:

Item D: Internal Inspections

Inspections of personnel for the 1st Quarter of 1985
have been received from the New Jersey office and are
enclosed. The Radiation Safety Monitor in New Jersey
has been informed of the importance of forwarding
documentation to this office in a timely manner.

Item F. Termination Reports

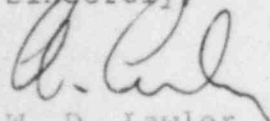

Exposures of terminated employees have been forwarded
to the Office of Research. These reports will be sent
on an individual basis in the future.

Item H: Location of Storage

We have requested an amendment from the licensing
branch covering the location of our New Jersey
facility. A copy of this request is enclosed.

We trust that our response is to your satisfaction. If you have
any questions or need further information, please do not
hesitate to contact me.

Sincerely,

W. D. Lawler
Radiation Safety Officer
