Kenneth Rowell

Dear Mr. Rowell:

Enclosed is a copy of NRC Inspection Report 50-482/84-33. This report relates to inspection of the Heating and Ventilation and Air Conditioning (HVAC) systems. Section 2.g. addresses your concerns regarding HVAC installation and inspection activities. Should you have questions concerning the enclosed report, please contact this office at (817)860-8153.

We appreciate your interest and concerns in the safety of the activities at the Wolf Creek Generating Station.

Sincerely,

"Original Signed By"  
L. E. MARTIN

L. E. Martin, Chief  
Wolf Creek Task Force

 MAN HOURS  
 REPORT PREPARATION  
 ASSIST

DETAILS: 1. L. Wiezork told SRI that on 10/13/83 his threatened him if he (Wiezork) made allegations to NRC about Wiezork said that Rowell could back up his story of threat and that Wiezork and Rowell knew of quality construction problems; 2. Investigation turned over to KG&E with SRI monitoring; and 3. As of 10/18/83, KG&E stated to SRI that there appeared to be substance to quality aspects of allegation. ] 01 indicates that Rowell has gone to Billy Garde (GAP) with complaints that DOL provided improper info. DOL call on 1/26/84, that case has been opened on Rowell. DOL has ruled against Rowell. Combine with 4-83-A-75. 01 went to site 9/19/84 to evaluate KG&E Quality 1st Program from the investigative view point and will review the intimidation issue. Technical Insp. 84-33 closes technical issues. Need to contact allegor. Letter sent to Rowell 2/5/85 returned. 01 memo of 2/5/85 to RIV EO closed out 01 interest.

Bill Rudolph

ARLINGTON TEXAS 76011

MEMORANDUM FOR: Allegation File STN 50-482; Case A-84-A-58  
FROM: R. G. Taylor, Reactor Inspector  
SUBJECT: ALLEGATION A-84-A-58

1. The above noted allegation(s) as extracted from the notes of the NRC personnel who received the allegations via a telephone call on 5/20/84 were:
  - a. 7
  - b. Believed the real reason was his findings made during an audit of CWPs (Construction Work Permits) involving disassembly of pressure boundaries without Q.C. being present.
2. The essence of the above extraction was reaffirmed based on a memorandum of phone call between RIV personnel and the alleged on 6/1/84.
3. Inspection Findings:
  - a.
  - b. The audit section supervisor confirmed that the alleged had been involved during most of the month in an audit of Construction Work Permits. It was stated that he did the CWP's (pressure boundary components, mostly valves, were being disassembled without the presence of Q.C. personnel).
  - c. A review of the audit file and discussions with the supervisor disclosed the audit had been initiated by one auditor who was reassigned by reason of promotion; continued by the alleged; and the continued by yet another auditor until concluded. The conclusion resulted in issuance of a "Quality Program Violation" and fairly extensive corrective actions, mostly of a procedural type.
  - d. The audit section supervisor provided the inspector with information to the effect that the alleged The  
supervisor provided the inspector with the name and location of the of the  
The inspector interviewed the person (on-site) and was

R. G. Taylor  
Reactor Inspector

During the summer of 1984, I kept a diary.

I felt because this is the only way I could tell the situation to the world. I told them what happened.
