AND SURVEYORS, INC.; NRC LICENSE NO. 24-25950-02;
CASE NO. 96-20430-C

Dear Mr. Brown:

This acknowledges your letter dated September 23, 1996, notifying the NRC of the bankruptcy of Miller Associates, Engineers, Planners, and Surveyors, Inc. From your letter, we understand that the two nuclear moisture/density gauges are secured from unauthorized removal at the licensee's facility and that you and a representative of the Boone County Bank control the keys to that facility. In addition, we also understand that you plan to sell the devices to a company licensed to receive them or return the devices to the manufacturer for disposal.

This also refers to the telephone conversation between you and Mr. W. Reichhold concerning the time frame for the disposition of two nuclear moisture/density gauges. We understand that you hope to sell these gauges or return them to the manufacturer within 60 days from the receipt of this letter. Please contact us at least one week before the end of the 60 day limit if it appears that you will be unable to dispose of the gauges within this time frame.

If your understanding differs from the above, or if you have questions or need clarification on any of the information above, please contact John Madera (630/829-9834) or Gidget Watson (630/829-9815) of my staff.

Sincerely,
