Technology Transfer-2-Day Seminar at NRC

Dear Mr. Wescott:

The subject milestone is specified in the Center for Nuclear Waste Regulatory Analyses (CNWRA) Operations Plans for the Division of Waste Management (DWM). The CNWRA has conducted the subject seminar during the week of September 23-27, 1996. This seminar was conducted in two parallel sessions, one for the technical staff, and the other for the system operators. In addition, the CNWRA provided on-site assistance with CDOCS installation during this period.

The on-site seminar fulfills IM 5708-763-610. If you have any questions regarding this deliverable, please call me at (210) 522-3805 or Aaron DeWispelare at (210) 522-6072.

Very truly yours,
