Gentlemen:

We received your letter dated December 16, 1982, and check for \$760 for an amendment to License SUA-1352.

Your request has been classified by the Licensing staff as requiring a major amendment to the License. Therefore, a major safety and environmental amendment fee of \$4,200 is required as specified in fee Category 2B of Section 170.31 of Part 170. Payment of the additional \$3,440 should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention. When submitting the fee, please refer to CONTROL NUMBER 20924.

Footnotes 1(d) and 4 of Section 170.31, provide that upon completion of the licensing review, the Commission will review its expenditures for professional staff-hours and appropriate support services, recompute the amendment fee, and, if necessary, make any refund.

If you have any questions, please contact us.

Sincerely,

Original Signed By
