Subject: Suspension of Licenses XSNM01906 and XSNM02773

Dear Mr. Hauber:

With the expiration of the U.S. - Switzerland Agreement for Cooperation in the Peaceful Uses of Nuclear Energy on August 7, 1996, General Electric Company has not made any shipments using the subject licenses.

As the shipment covered by XSNM02773 has been completed, please expire that license. We will wish to continue exporting under license XSNM01906 once a new agreement for cooperation is in force, however, until we have been notified in writing by the NRC we will not make any shipments under license XSNM01906. We will comply with the suspension of all applicable exports to Switzerland.

Your assistance and those of the U.S. State Department and Department of Energy is greatly appreciated.

Sincerely,

MJ LaRue
