Subject: Modification No. 12 to Contract NRC-04-92-063

Dear Ms. Munzio:

In accordance with recent communications with the Nuclear Regulatory Commission's (NRC) closeout support contractor BPC Inc. (Richard Pannell) please find unilateral Modification 12 for the deobligation of \$3,557.29 from the subject contract. This action removes all excess funds from the contract while leaving a balance of funds to accommodate retained fees, which is payable by the NRC upon completion of the closeout process.

In addition, please complete the enclosed Property Certification form as well as the reports required by the clauses in the contract related to Patents and Copyrights and return them to the below mentioned address. If negative reports are appropriate statements to that effect are required.
