U.S. Nuclear Regulatory Commission
Attn: Mr. Robert Pierson, Chief
Licensing Branch
Division of Fuel Cycle Safety and Safeguards NMSS
Mail Stop T8 D-14
Washington, DC 20555

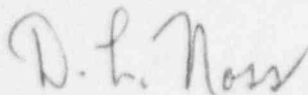

Dear Mr. Pierson:

Subject: Siemens Power Corporation FNMC Plan Revision 28 (TAC L30880)

Enclosed are two copies of Siemens Power Corporation's approved FNMC Plan. In the past, SPC has supplied copies to our license reviewer, and primary site inspector. Since neither Don Joy or Rich Cassano are currently with NRC, I am forwarding their copies of the plan to you for proper disposition. When their replacements are named, we will add them to the distribution of the next revision.

Should you have any questions, please feel free to give me a call.

Very truly yours,

D. L. Noss
Safeguards Specialist
