Gentlemen:

Subject: Inspection No. 30-19918/84-01

This refers to your letter dated May 10, 1985, in response to our letter dated April 12, 1985.

Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a future inspection of your licensed program.

Until your license is amended, Wheeling-Pittsburgh Steel Corporation is not authorized to perform routine removal of devices containing licensed material and must comply with all other requirements of Condition 15 of License No. 47-16875-02. The license amendment application referred to in your letter dated May 10, 1985 must be submitted to the USNRC Region I, Nuclear Materials Safety and Safeguards Branch, at the address above.

Your cooperation with us is appreciated.

Sincerely,

Original Signed By:
