Dear Mrs. Schneider:

This letter formally closes the correspondence loop initiated by Don Nussbaumer's January 7, 1985, letter requesting comments on the NUPAC Enviroalloy Family of HIC's. We do not believe further comments are necessary as we defer to the comments previously submitted on February 20, 1985, on vents and August 31, 1985, on the FL-50 container.

Sincerely,

A handwritten signature in cursive script that reads "Nancy P. Kirner".
