Gentlemen:

This refers to the inspection conducted by Mr. Robert E. Farrell of this office during the period May 20 through June 3, 1985, of activities authorized by NRC Construction Permit CPPR-145 for River Bend Station, and to the discussion of our findings with Mr. J. C. Deddens, and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection included licensee action on previous inspection findings and site tours. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector. These findings are documented in the enclosed report.

Within the scope of the inspection, no violations or deviations were identified.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

Original Signed By
E. H. Johnson

E. H. Johnson, Chief
