MEMORANDUM FOR: William J. Dircks, Executive Director  
for Operations  
Carlton Kammerer, Director, OCA  
Joseph J. Fouchard, Director, OPA

FROM: Samuel J. Chilk, Secretary

SUBJECT: SECY-84-211 - PROPOSED RULE FOR LIMITING  
THE USE OF HIGH-ENRICHED URANIUM (HEU)  
IN RESEARCH AND TEST REACTORS

SG

This is to advise you that the Commission (with all agreeing) has approved the proposed rule for limiting the use of HEU in research test reactors, subject to the following:

1. The proposed rule should be modified as indicated on the attached pages;
2. Items 4 and 5 of the attached memorandum of June 1, 1984 from S. Trubatch to D. Garner, et al should be addressed during the public comment period; and
3. Item 3 of the June 1, 1984 memo should also be incorporated into the proposed rule. (Chairman Palladino and Commissioner Bernthal would not have included this item).

The proposed rule should be revised as indicated and returned for signature and publication in the Federal Register.  
(EDO/RES) (SECY SUSPENSE: 6/29/84)

You should advise the appropriate Congressional Committees, issue a public announcement, and send copies to all of the affected licensees and other interested parties.
