Gentlemen:

This refers to your application dated February 22, 1985, for renewal of Materials License 24-18732-01.

The portion of your license authorizing the human use of byproduct material at Missouri State Chest Hospital is fee exempt as specified in §170.11(a)(9) of the enclosed 10 CFR 170. Excepted from this exemption, however, are those licenses authorizing distribution of licensed material or licenses authorizing services to any person other than an agency or political subdivision of the State. Therefore, your request for renewal of the authorization to provide mobile nuclear medicine services to hospitals that are not agencies of the State or its political subdivision is subject to a renewal fee of \$580 as specified in §170.31 (7C) of revised 10 CFR 170, copy enclosed. Payment should be made to the U.S. Nuclear Regulatory Commission and mailed to the attention of Cheryl Phillips at our Washington, D.C. address.

Your application will be processed by the Region III Licensing staff located at 799 Roosevelt Road, Glen Ellyn, Illinois 60137. The fee, however, is required prior to issuance of the renewal. When submitting the fee please refer to CONTROL NUMBER 378439.
