Gentlemen:

This refers to the inspection conducted by Dr. J. B. Nicholas of this office during the period June 10-14, 1985, of activities authorized by NRC Construction Permit CPPR-145 for the River Bend Station, and to the discussion of our findings with Mr. J. C. Deddens, and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection included the status of outstanding open items in your chemistry/radiochemistry program. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspectors. These findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

Original Signed By  
E. H. Johnson

E. H. Johnson, Chief
