SUBJECT: NRC INSPECTION REPORT NO. 96001

Dear Mr. Krizmanich:

This refers to the inspection conducted on August 6-8, 1996 at the Professional Services Industries, Pittsburgh, PA facility. The purpose of the inspection was to determine whether activities authorized by the license were conducted safely and in accordance with NRC requirements. At the conclusion of the inspection, the findings were discussed with members of your staff.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and with the conditions of your license. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, independent measurements and observation of activities in progress.

No violations of NRC requirements were identified during the course of this inspection.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

Monte Phillips, Chief
 Nuclear Materials Inspection Branch 2
