Re: Application of Philadelphia Electric Co.
(Limerick) Docket, 52-352, 52-353

Dear Sirs:

At a briefing of the Commission on January 5, 1985, staff advised that they have been informed by the applicant of the applicant's intent to seek interim supplemental cooling water for the above facility from the Delaware River Basin Commission.

Pursuant to the Freedom of Information Act, this is a formal request that we be furnished each and every document relating to such a plan by PECO, including any notification of the staff, any staff memoranda regarding such notification (whether such notification was written or oral), and each and every document constituting or relating to any consideration by the staff, whether complete or incomplete, of each and every potential source of interim supplemental cooling water or permanent supplemental cooling water, created or referred to since January 1, 1984.

In lieu of producing copies of documents furnished by the writer and/or Del-AWARE, Unlimited, it would be sufficient to provide a list of such documents as have been considered by the staff.

In view of the urgency of this matter, a response within the ten day statutory period is specifically requested. You are requested to furnish these copies free of charge in view of the public interest in this matter, and the fact that I am applying on behalf of a public interest group, Del-AWARE, Unlimited, Inc. However, if there is a copying charge, you are

requested to prepare the documents and furnish them together with a bill, as long as the amount does not exceed \$200. I undertake that such bill will be promptly paid. If the charge exceeds \$200, you are requested to call my office in Philadelphia to establish a means for payment.

Thank you for your consideration.

Sincerely,

A handwritten signature in cursive script, appearing to read "Robert J. Sugarman".
