RE: License No.: 13-18877-01  
Licensee: Bunge Corporation  
(Indiana)  
Your Program Code: 03120

Gentlemen:

In response to your request for a renewal application regarding the above license, I am enclosing copies of the following documents which Bunge Corporation (Indiana) considers to be those which represent our current program:

1. Application for Byproduct Material License dated January 31, 1980.
2. U.S. Nuclear Regulatory Commission Materials License No.: 13-18877-01.

Please be advised that the undersigned is the person to be contacted about this application at the above address and at telephone number (219) 722-2626. Mr. Mike Swisher should be substituted for Mr. Donald L. McCain with respect to the individual who will use or directly supervise use of any by-product material and as the individual designated as the "Radiation Production Officer".

Bunge Corporation (Indiana) desires to continue to operate under its current license and it will continue to operate in accordance with the current program and in accordance with current NRC Regulations and License Conditions.

I am enclosing a check in the amount of \$150.00 payable to the U.S. Nuclear Regulatory Commission pursuant to 10 C.F.R. Part 170.
