FILE NO.: 10110

Dear Mr. Hunter:

On April 12, 1985 we verbally notified your Mr. D. Hunnicutt of a deficiency regarding a possible defect in pipe and tubular steel products. We have submitted interim reports logged TXX-4472 and TXX-4488 dated May 8, 1985 and June 10, 1985.

We have completed our investigation and concluded that the matter is not reportable under 10CFR50.55(e). Records supporting this determination are available for your inspector's review at the CPSES site.

Very truly yours,
