Freedom of Information Act Request
Director
Office of Administration
Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Director:

I hereby request, pursuant to the Freedom of Information Act, 5 U.S.C. 552, copies of all documents located in these specified facility docket files for the specified time periods:

- 1) All documents maintained in the Docket 40-1366 file(s), License SUA-617 and previous licenses, Gunnison Uranium Mill, Gunnison, Colorado, dated April 1958 through December 1974, or latest date.
- 2) All documents maintained in the Docket 40-1668 file(s), License SUA-618 and previous licenses, Lakeview Uranium Mill, Lakeview, Oregon, dated May 1959 through December 1974, or latest date.
- 3) All documents maintained in the Docket 40-6659 file(s), License SUA-551, Petrotomics Uranium Mill, Carbon County, Wyoming, dated January 1963 through December 1974.
- 4) All documents maintained in the Document 40-8027 file(s), License SUB-1010, Sequoyah UF₆ Conversion Plant, Muskogee County, Oklahoma, dated April 1970 through May 1972, and dated July 1975 through October 1976.

Please provide an index for any documents or portions of documents that your office denies access to, as required by Vaughn v. Rosen, 484 F. 2d 820 (D.C. Cir. 1973), cert. denied, 415 U.S. 977 (1977), and submit a detailed justification of the basis for claiming each exemption.

Because I am requesting the complete contents of each of the above-listed facility docket files, rather than asking your office to make a detailed search for specific documents, I trust that any search time expended will be minimal. Therefore, I request a waiver of search fees pursuant to 10 CFR 9.14a(a)1, which states that search fees shall be waived "when the time for the search does not exceed four hours, in the

aggregate, for a request or series of related request." Regarding other fees, I agree to pay all document photocopy and postage costs.

I appreciate your assistance, and await your reply within ten (10) business days, as required by law.

Sincerely,

Lance W. Burr
