Dear Mr. Chilk:

EXEMPTIONS REQUEST 10CFR50  
PROPOSED RULE  
50FR16506

We have reviewed the proposed changes to 10CFR50.12 and offer the following for your consideration.

We find that the criteria in 50.12(a)(1) appropriate and representative of current staff practices. The remaining criteria in Section 50.12(a)(2) require additional support information in order to provide meaningful comment, e.g., discussion on effect of proposed rule on Sholly amendment process.

We endorse the comments submitted by the AIF Lawyers' Committee dated May 28, 1985, which, in part, also request additional background information to be included in a federal register notice on this issue.

Very truly yours,
