Dear Mr. Jacobi:

The Nuclear Regulatory Commission (NRC), Office of Investigations (OI), Region IV, has received copies of work orders provided by your client, Innovative Weaponry, Inc. (IWI), in response to OI:RIV's subpoena dated November 24, 1995. OI:RIV has reviewed these records and identified some possible discrepancies between records provided by IWI and actual sales of night sights by IWI. In Morgan Casner's response to the NRC's Confirmatory Action Letter, Mr. Casner stated that IWI had sold 4,666 sights to MMC and 1,139 sights to Millett, although no sale dates were shown. In response to our subpoena, OI:RIV was not provided with any work orders or records of sales by IWI to MMC or Millett. OI:RIV had previously obtained some work orders from IWI reflecting sales to MMC from November 1994 to mid-September 1995 and to Millett in June and July 1995, but these sales do not total the amounts cited in Mr. Casner's letter.

Additionally, OI:RIV obtained 16 random work orders from IWI during our initial visit in June 1995. Only three of these were provided by IWI in response to OI:RIV's subpoena. Please determine if all records were submitted in compliance with OI:RIV's subpoena and provide copies of any omitted records to this office. Also, please provide this office with a copy of IWI's accountant's computerized sales record from that record's inception until the present. This record was referenced by Patricia Wilson during an OI:RIV interview on October 19, 1995.

Please provide the requested information within 10 business days of your receipt of this letter. If you have any questions about this request, you may contact Senior Special Agent Virginia Van Cleave at (817) 860-8286. Thank you for your cooperation.

Sincerely,

E. L. Williamson, Director
Office of Investigations, Region IV
