Attention: Mr. Norman A. Grant

Gentlemen:

We understand your company is constructing a uranium ore processing mill near Casper, Wyoming. As you may know, an AEC source material license is required prior to the conduct of such operations.

Enclosed is a copy each of AEC regulations 10 CFR 20 and 10 CFR 40, entitled "Standards for Protection Against Radiation" and "Licensing of Source Material," respectively which are applicable to uranium mills. An application for a specific license should be submitted in quadruplicate on Form AEC-2, copies of which are enclosed. In addition to Form AEC-2, the information outlined in the attached supplemental sheet should also be furnished.

Very truly yours,

Donald A. Nussbaumer, Chief
Source & Special Nuclear Materials Branch
Division of Licensing and Regulation
