Gentlemen:

We received your letter of July 14, 1981, and check for \$760 for an amendment to License SUA-1396.

Your request has been classified by the Licensing staff as requiring a major amendment to the license. Therefore, a major safety and environmental amendment fee of \$4,200 is required, as specified in fee Category 2A of Section 170.31 of Part 170, copy enclosed. Payment of the additional \$3,440 should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention. When submitting the fee, please refer to CONTROL NUMBER 10224.

Please note Footnotes 1(d) and 4 of Section 170.31, which provide that upon completion of the licensing review, the Commission will review its expenditures for professional manpower and appropriate support services; recompute the amendment fee, and, if necessary, make any refund.

Sincerely,

Original Signed By
