FROM : Donald A. Nussbaumer, Chief
Source and Special Nuclear Materials Branch
Division of Licensing and Regulation

SUBJECT: RENEWAL OF AEC SOURCE MATERIAL LICENSE NO. SUA-551. DOCKET NO.
40-6659.

DLR:DFH

The subject license was originally issued on March 8, 1962, for a one year period only. The purpose of the one year limit was to determine, through the requirement of quarterly reports and an initial inspection, the status of the company's compliance with Commission regulations. Inasmuch as both items have been accomplished and all compliance matters appear to have been satisfactorily accomplished, the license is being renewed for the normal three year term.
