SUBJECT: PETROTOMICS COMPANY, P. O. DRAWER 2450, CASPER, WYOMING, LICENSE
NO. SUA-551, DOCKET NO. 40-6659 - REPLY TO FORM AEC-592

CO:IV:LCR

Attached for your information is a copy of the subject licensee's reply to Form AEC-592 and a note containing supplemental information obtained through a phone call to Mr. G. K. Coates, Project Manager. We feel that the licensee's reply, supplemented by the information obtained by telephone, is adequate. Because of the nature of the apparent item of noncompliance, with respect to the tailings pond seepage, it was not considered necessary to transmit the usual follow-up letter, even though the licensee has indicated that he intends to request an amendment to his license.
