IN RESPONSE REFER  
TO FOIA-84-737

Dear Ms. Breman:

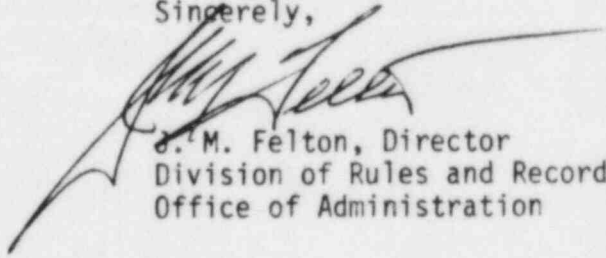

This is in further response to your letter dated September 11, 1984, in which you requested, pursuant to the Freedom of Information Act (FOIA), copies of three categories of documents regarding an alleged 1967 accident at the Radiation Effects Laboratory or "hot cell" at Georgia Nuclear Laboratory, Dawsonville, Georgia.

Our continued search for additional documents subject to your request has produced documents 63 through 85 as listed on enclosed Appendix A. As before, we are placing these documents in the NRC Public Document Room, 1717 H Street, NW, Washington, DC (PDR), in folder FOIA-84-737 (under your name), where they will be available for public inspection and copying.

For your information on the general subject of the Dawsonville, Georgia, site, we are enclosing a copy of a letter to Congressman Moffett from William J. Dircks dated July 20, 1978, with enclosures (8 pages).

This completes action on your request.

Sincerely,

  
J. M. Felton, Director
